Subject: TD53: CSD Sampling Timing Question

Hi Cheryl,

Just checking - is there a possibility that the CSD sampling field activity will occur on April 30th? Or will all sampling be performed on or after May 1st?

We're asking because our contract Option Period 1 ends on April 30th, so if sampling needs to occur on that day, we would need to set up the lab paperwork for both option periods. It would make the paperwork a bit easier if all of the sampling occurred in May (option period 2).

Please let us know, thanks!
